

# DA-7/7 6P RE VR

## 72W IP44

### Características Characteristics

|                                                                       |                                                             |
|-----------------------------------------------------------------------|-------------------------------------------------------------|
| <b>Tensión</b><br><b>Voltage</b>                                      | Monofásica 230V 50/60Hz<br><i>Single-phase 230V 50/60Hz</i> |
| <b>Tipo motor</b><br><b>Motor type</b>                                | 1V<br><i>1S</i> IP44 cl.F                                   |
| <b>Velocidad</b><br><b>Speed</b>                                      | 6 polos<br><i>6 poles</i>                                   |
| <b>Potencia motor</b><br><b>Motor power</b>                           | 72 W                                                        |
| <b>Intensidad absorbida máxima</b><br><b>Maximum absorbed current</b> | 0,6 A                                                       |
| <b>Condensador</b><br><b>Capacitor</b>                                | 2,5 µF/450V                                                 |
| <b>Temperatura del aire</b><br><b>Air temperature</b>                 | -20°C<T<+70°C                                               |
| <b>Peso</b><br><b>Weight</b>                                          | 6,5 kg                                                      |
| <b>Código ventilador</b><br><b>Fan code number</b>                    | -----<br>----- (MP)                                         |
| <b>Código motor</b><br><b>Motor code number</b>                       | <b>9096000600</b>                                           |
